**The above label will fit around the the sides and back of a standard 1 gallon (US) 128 Fl. oz. round jug and leave plenty of room for the Front label with several inches on either side to spare.**

**The above label, with its current font will fit on a 5 in. x 8 in. sticker label. The front label will be 5 in. x 5 in. or a 5 in x 8 in. sticker label. Both size front labels will fit with the back label on a standards size 1 gallon US jug.**

**This will allow for either 2 individual labels (front and back) on each 1 gallon container or one continuous label with both the front and rear label included.**

This is a standard 1 gallon bottle. The highlighted area is the top and bottom "ridgeline". In between, is a flat area the circles the entirety of the bottle and is designed for labels. Our labels have been designed to fit within these spaces with room to spare. This 1 gallon bottle also represents our smallest bottle size. All other sizes will be larger and have more surface area to secure labels to.
